Parental Involvement Budget Survey

15 September 2017

Dear Parents,

We value your input! As a parent of a child who receives Title 1 services in our school, you have the right to give input about how the school district budgets and spends its Title 1 Parental Involvement money. Over the last few weeks, our school held various meeting with parents to revise our schools' parental involvement policy for the school year. We hope you had the chance to participate in one of these meeting. In the meeting, we discussed the following:

1. Parents stated that they like having a district parent coordinator who is a liaison for them and provided parent engagement opportunities at the school.
2. Parents have asked to talk with the school for a place at the school where they could meet and learn how to better support their child's learning.
3. Parents asked for more resources on how to help their child at home and how they can help their child learn.
4. Parents would like to have a workshop on helping their child with math.
5. Have more training programs to improve student academic achievement

We have \$1300.00 in the Title 1-1% Parental Involvement budget. Last year, we spent the money this way:

Amount Spent % 20162017- 1% Parental Involvement Budget

| | |
|-----|---|
| 10% | Supplemental materials to support instruction at home |
| 7% | Activities to encourage parent engagement and volunteering in schools |
| 5% | Workshops focused on instruction and curriculum for your student |
| 23% | Workshops on how to collaborate and partner with the community |
| 23% | Training to support advanced education for parents |
| 22% | Personnel to support communication between school and home |
| 18% | Have workshops at varies times+ |
| 2% | Other: Parent instructions for students |

Our Parent Resource room is open daily for 8:30-3:30pm. Please stop by and learn how to better support your child's learning and what we can do for you.
